

Options United

About Options United

Options United (OU) is a California registered 501(c)3 organization, to operate a state-wide call center and web platform that refers women to life-saving resources including pregnancy centers and clinics, maternity homes, and other local resources. OU has a fully staffed call center, online scheduling, an after-hour hotline service, and years of strong relationships with all 170 pregnancy centers in the state.

California Challenge

The state of California provides \$200 million in funds for abortion providers.

Sanctuary policies result in a 3,000% increase of 'abortion tourism' from out of state coming to California.

The abortion pill is readily available on California college campuses.

State funding for a call center and website to promote abortions

Our Goal

Our Goal is to refer 5,000 abortion-vulnerable mothers a month to their local pregnancy help center by January 2025, with the goal of saving 400 babies a month, reducing the abortion rate from over 1 in 4 babies to 1 in 5 in the year 2025.

By 2025 our goal is to be present in dozens of church communities and parishes across the state of California with many more donors and prayer warriors taking daily actions to affirm the respect for all life.
